

Greening Our Environment for a Better Future!

Renegade Chemicals is greatly concerned about the direction the health of our environment is heading.

Therefore, our mission is to create cleaning solutions that:

- Are Safer For the Environment
- Are Biodegradable
- Are Safer for Employees
- Clean Better than Our Competitors
- The Best Value

Renegade is innovating new products to make making cleaning more efficient and healthier. Using polymers made from natural products such as sugar and alcohol, Renegade has developed eco-friendly cleaners that clean better and are safer.

Renegade Chemicals is making a better future through better chemistry.
